<p>The Shears is a building of great local and national historic importance and significance due to its vital connection to the Luddite movement. Kirklees recent disgraceful and wanton disregard for significant historic buildings in the borough is scandalous and it is time for it to stop. The loss of such buildings will deprive future generations of the chance to visit, in the flesh, such sites of significant importance to the borough's history and all for a developer's greed and short term gain</p>
