<p>This building must not be allowed to be demolished. It is not just historically significant to the Spen Valley but to the whole nation and played a part in making us the country we are. I can not believe that the building is not listed. It is not what artefacts or memorabilia are contained within the premises that are of importance but the building itself. No blue plaque or information board can replace that. The Shears also plays a hugh part in the community and I believe can continue to do so and flourish. Too many of our local pubs are disappearing at an alarming rate leaving locals with fewer opportunities to meet and socialise. I believe this application must be refused.</p>
