---

Dear Sirs,

Planning ref: 2019/91239

I write in relation to the Shears Pub, Halifax Road, Liversedge WF15 6NR.

My objections to this planning are, that recently the local shop down Halifax Road was changed into a house so many people lost the use of the 'local' shop for amenities, the same can be said about this friendly, once bustling pub 'steeped' in history dating back to the 19th century.

The heritage/history around the Liversedge, Roberttown & Norristhorpe area is essential to the school children covering this period in time. The wishing well for one- it would be sad to lose this, if the pub were to be renovated into flats. Why not turn an old pub into a local museum for history purposes? 'The Shears Museum?'

Over the years, the pub has held bonfire displays and possibly charitable events and these bring in the people. To see this gone for planning purposes for a landlord-would be a loss to Liversedge. I for one Object.

Yours faithfully

50 Ripley Road  
Liversedge  
WF15 6QE
