<p>I firmly object to the demolition of this building. It is a building of historic significance, fundamental to the industrial history of the Spen Valley and the attack on 11.04.1812 on Rawfolds Mill. The building should be conserved for the Luddite Trail and for history students. It is part of the character of the area, with original buildings nearby that have stood for hundreds of years. If demolished it will be lost forever, far too much of our local history has been destroyed due to poor planning decisions made with no regard to the local character and importance of the buildings in question. Please reject this application.</p>
