Subject: RE: 2 Talbot Avenue 2019/91532

Hi William

I think I had seen that paragraph about the demolition and thought it was a bit meagre however it is acceptable, just. Normally we would expect more details of the proposed work, disposal, machinery etc but as it is a smaller building and the ground is 'shielded' by the existing concrete slab of the garage I am less worried and happy to accept as is.

My comments should therefore be amended to be satisfied with the AMS provided it is a condition to adhere to this during the works.

Thanks
Nick

Hi Nick

About your latest comments – 27th August.

Can you specify what further information is required concerning the demolition of the garage? It says in 4.2 that it will be done using hand-operated tools only and under the supervision of an Arboricultural Consultant.

Regards
