<p>I really hope this gets declined. My concerns are that of noise pollution with having over 30 apartments, which will most likely be rented out to students. We have enough student accommodation at Newsome Road.</p> <p>Newsome is a nice area to live at the moment with little crime and I feel that the introduction of 30 plus apartments/dwellings will have a devastating effect on our neighbourhood and that crime, traffic and noise within the neighbourhood will increase. The dentist isn't taking on any patients and i don't think the doctors are either. To get an appointment at the doctors i have to wait 3/4 weeks, this is going to be even worst with more apartments in the neighbourhood</p> <p>it is bad enough that the working men's club has been turned into flats and the bowling green demolished!! without having even more flats.</p>
