

About the application

Application number: 2019/91764	
What is the application for?:	Erection of one dwelling (within a Conservation Area)
Address of the site or building:	18 B, Wells Road, Thornhill, Dewsbury, WF12 0LE
Postcode:	WF12 9HH

User comments

Type of comment: An objection
We strongly object to the application for the following reasons. Wells Road is a very narrow dead end street which is already congested with vehicles and is sometimes difficult to pass due to parked cars. I cannot see any provision for off road parking on the plans. The proposed new house is adjacent to the only turning area available on Wells Road. The availability of the turning area is already being compromised by already parking there. This has made turning impossible and we have on many occasions been forced to reverse up the full length of Wells Road. A dangerous manoeuvre considering the narrowness, length of the road and the many parked cars. Emergency access would also be compromised. The disruption during building will also be a nightmare considering the logistics of the road and the situation of the turning area to the proposed site. This is also a conservation area. We would appreciate an explanation of designating a Conservation area but then consider building on it. What worth is there then of being designated 'Conservation'? WE HAVE YET AGAIN SEEN NO OFFICIAL NOTIFICATIONS IN THIS AREA OF PROPOSED PLANNING (NO NOTICES ON LAMPOSTS ETC) I FOUND OUT ABOUT THIS APPLICATION BY PURE CHANCE. I WONDER HOW MANY OTHER RESIDENTS ARE UNAWARE OF IT? Yours faithfully
