5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

ID: 17/94/g2
CONSERVATION AREA
ID: 12 - ALMONDBURY

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

The trees we wish to remove are sycamores, they bow over our boundary wall quite a lot and are clearly pushing our boundary wall over which is stone built and will cost us a lot to rebuild or replace.

7. Identification Of Tree(s) And Description Of Works continued ...

none of the trees are maintained on Sharp lane and do look in poor Condition. If these trees in question remain they will continue to deteriorate our property wall.

we are only wishing to remove 3 or 4 of the trees closest to the wall. The damage is clear and I am happy to email pictures but I feel it would be best for the Tree Officer to inspect it themselves.

Thank you.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.
