Address of the site or building:	6, Osborne Terrace, Batley, WF17 0LZ
Postcode:	WF17 5NN

User comments

Type of comment: An objection
I wish to object this application as my previous reasons. The application has not changed. The main objection is the vehicular access on to Wayne Close. Firstly this property is on Osborne Terrace not Wayne Close. It has ample parking spaces at the rear. Wayne Close is already used as a rat run from and too York Road. This area is very congested at school times. Parents double parking I suggest someone from Kirklees Council comes and visit this street at around 3pm during the week to assess the street. The area is already very busy and allowing a vehicular access will make it even worse. What about Emergency vehicles trying to pass at busy times? The house is on Osborne Terrace and the access should belong there. I have no problems with erection of a two storey extension, as it will only cause short term disruption. But allowing vehicular access will cause long term problems, and please think about child safety! Batley High school does not have a car park, parents use Wayne Close as the car park to collect children!
