<p>The impact of building a supermarket on this site will cause more traffic problems for Huddersfield Road both in safety and gridlock problems it is already very difficult and dangerous getting out of the Maltings particularly if you are turning right towards Huddersfield it is bad enough with cars parking in the cycle lane blocking the view of vehicles travelling out of Mirfield, not to mention noise and pollution from heavy goods vehicles delivering at all times. do not need another supermarket in Mirfield already have 3. This will impact on the privacy of the residents of the Maltings and the views have which will effect house prices. The site at the moment is locked at 5pm everyday will this be the case if the supermarket goes ahead? do not want anti social behaviour problems in our area or cars racing in and out of the car park at all hours. That site was flooded in 2015 and the road is flooded when it rains heavy to add to the problems. This road is also regularly used by emergency vehicles many times a day this should be taken into consideration.</p>
