
To whom it may concern,

With reference to planning application number 2019/9221. I wish to raise an objection to this on the following points.

- 1) I feel that if this goes forward it will de - value my property

- 2) I am concerned about the extra traffic it will create with construction as this is a very busy road with traffic coming from the M1 to the M62 as it is used as a link road.

- 3) If the retail unit is built that will create more traffic ie wagons delivering to the units and also parking because once the car parks are full cars will be parking on the main road and towards dewsbury it is a cycle lane and we have problems now with the parking. and i am worried that they will start parking in The Maltings as well.

- 4) As we already have 3 supermarkets in Mirfield do we really need another and i do not think it is an ideal site to have another retail unit on a very busy main road as i feel it would be an accident waiting to happen.

i trust my objections will be taken into cosideration.
