

About the application

Application number: 2019/92787	
What is the application for?:	Erection of 252 dwellings with open space, landscaping and associated infrastruc
Address of the site or building:	Land at Owl Lane, Chidswell, Dewsbury
Postcode:	

User comments

Type of comment: An objection
The current infrastructure in place can not handle the amount of traffic this will generate. The additional roundabout will only make traffic in the shawcross area worse! The proposal to have houses facing Windsor road will cause problems. The road already is congested with vehicles down both sides. Adding more houses here will make the road impassable. The allotted parking spaces is also not enough. 1.3 parking spaces per home does not work, especially in an already built up area. In addition, the houses facing chidswell lane will pull out onto a blind bend. I can foresee some accidents happening here. Again, not enough spaces for a one track road. Its bad enough as it is but the increase in traffic to the houses on the lane will be massive. The proposal put in place for funding schools for more spaces will not work. Many of the schools are full to capacity or near and by giving them money to renovate, I feel may Not actually increase the spaces available.
