THE COUNCIL HEREBY **CONSENTS** TO THE CARRYING OUT OF THE FOLLOWING OPERATIONS TO THE PROTECTED TREE(S) TPO No:54/96

At: The Stables, Stone Leigh, Bryan Road, Edgerton, Huddersfield, HD2 2AH

Tree numbers used as per the application

T1, Sycamore (adjacent to car park) - Clean out crown removing any dead, dangerous, hazardous or split branches and stubs; while maintaining the tree's structural integrity and natural form.

T2, Whitebeam (near gate) - Clean out crown removing any dead, dangerous, hazardous or split branches and stubs; while maintaining the tree's structural integrity and natural form.

T3, Chestnut – Fell and replace due to decay and splitting in the main stem

T4, Whitebeam – Fell and replace due to large tear out wound and cavity on the main stem at 2m.

T6, Whitebeam – Fell and replace due to large tear out wound and cavity at 7m

T7, Sycamore – Fell and replace due to basal decay and presence of root and butt rott decay fungus.

Please note trees, numbered T5, Sycamore and T8, Holly are protected by Conservation Area only and consent for their removal has been provided under separate cover.

Tree numbers used regarding trees opposite 191 Birkby Road

T1 – T4: Clean out crown removing any dead, dangerous, hazardous or split branches and stubs; while maintaining the tree's structural integrity and natural form.

Please note a copy of the application documents can be viewed on line using the planning application search facility on the Council's web page: www.kirklees.gov.uk/trees

SUBJECT TO THE FOLLOWING CONDITIONS:

- 1) That ALL tree operations outlined in this notice be carried out within ONE year of the date of this notice. If for any reason such works are not completed within this period a new application must be made to the Council.
- 2) That all tree work shall be carried out in accordance with British Standard 3998: 2010 *Tree Work- Recommendations*.
- 3) That branchwood shall not be burned on site.
- 4) That the felled tree(s) be replaced by a suitable equivalent tree, >1.5 metres in height, planted at the same place as the original tree(s).
- 5) That all replacement tree(s) described in condition (4) be planted in the first planting season (November to March inclusive) following the felling of existing tree(s).
- 6) That all replacement tree(s) described in condition (4) which suffer damage or die within 5 years of planting be replaced to the satisfaction of this Council.

Notes to Applicant Regarding Decision

1.

Any conditions you will find detailed therein are mandatory and enforceable under the Town and Country Planning Act 1990. You are deemed to have accepted them as stated if you either:

- i) Carry out works, or
- ii) Fail to appeal within 28 days of receipt of the notice

2.

Should you wish to initiate an appeal, you should do so within 28 days of receipt of the notice. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.

3.

Road & Street Works Act 1991: It is possible that part or all of the consented works may present a safety risk to the public. IT IS IMPERATIVE that before any works commence advice on sign requirements and /or traffic control is sought from our NRASWA Officers (Sean Fisher: 01484 225 426)

4.

Under section 1 and 9 of the Wildlife & Countryside Act 1981 (as amended): it is an offence to intentionally disturb or destroy any bird nest whilst it is in use or being built; or, to recklessly or intentionally damage or destroy a bat roost or, to cause disturbance or harm to bats.

5.

In no way does the Council accept any liability for damage to property or persons caused as a result of the work here authorised. Tree surgery can be very dangerous and the Council recommends strongly that a competent tree surgeon using appropriate safety equipment and with appropriate public liability insurance is employed.

6.

Consent for the tree work specified in this Notice relates only to the Town and Country Planning Act 1990 and is in principle only. If the work to be undertaken relates to trees growing on land owned by a third party, permission must be obtained from that third party before undertaking any work which requires access onto or over their land.

7.

Subject to the provision of the Tree Preservation Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under the Order or of any grant of any such consent subject to conditions shall, if he/she makes a claim within the time and in the manner prescribed by the Order, be entitled to recover from the Council compensation in respect of such loss or damage, provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any tree the subject of a certificate in accordance with Article 5 of the Order

In assessing compensation so payable, account shall be taken of:

- a) Any compensation or contribution which has been paid whether to the claimant or any other person in respect of the same trees under the terms of the said or any other Tree Preservation Order under section 29 of the Town and Country Planning Act 1962, or under section 203 of the Town and Country Planning Act 1990, or under the terms of any Interim Preservation Order made under section 8 of the Town and Country Planning (Interim Department) Act 1943, or any compensation which has been paid or could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act 1932; and
- b) Any injurious affection to any land of the owner which would result from the felling of trees subject of the claim.

A claim for compensation under the Order shall be in writing and shall be made by serving it on the Council, such service to be effected by delivering the claim at the offices of the Council addressed to the proper Officer thereof or by sending it by prepaid post so addressed, within 12 months from the date of the decision of the Council, or of the Secretary of State against the decision of the Council from the date

of the decision of the Secretary of State on the appeal.

Any questions or disputed compensation will be determined in accordance with the provisions of section 179 of the Act (or as amended).

THE REASONS FOR THE COUNCIL'S DECISION TO **GRANT** CONSENT SUBJECT TO THE **CONDITIONS** SPECIFIED ABOVE ARE:

- i. To ensure future tree cover and amenity.
- ii. To ensure the continued health of the tree(s).
- iii. To favour other trees.
- iv. In the interest of public and/or personal safety.
- v. To comply with the requirements of the Town & Country Planning Act 1990 concerning the removal and replacement of dead or dangerous trees.

Dated: 06-Nov-2019

TOWN AND COUNTRY PLANNING ACT 1990 Town & Country Planning (Tree Preservation)(England) Regulations 2012

NOTICE OF REFUSAL OF CONSENT TO FELL AND/OR PRUNE

Application Number: 2019/93105

In pursuance of its powers under the above mentioned Act and Regulations and the Tree Preservation Order made by the Kirklees Metropolitan Council (hereinafter called 'the Council') as Local Planning Authority and pursuant to the application submitted to the Council on 24-Sep-2019:-

THE COUNCIL HEREBY **REFUSES** TO CONSENT TO THE CARRYING OUT OF THE FOLLOWING OPERATIONS TO THE PROTECTED TREE(S) TPO No.54/96

At: The Stables, Stone Leigh, Bryan Road, Edgerton, Huddersfield, HD2 2AH

T1, Sycamore (adjacent to car park) – Fell due to showing signs of stress

T2, Alder (nr gate) – Fell due to showing signs of dieback

Adjacent to 191 Birkby Road

T1, Sycamore – remove, crown thin 20% due to lean towards property

T2, Chestnut – Fell remove

T3, Ash – Remove overhanging branches, crown thin 20%

T4, Chestnut – Remove overhanging branches, crown thin 20%

The **REASONS** for the Council's decision to refuse to grant consent are:

1. These trees are a prominent landscape feature in the locality and as such contribute significantly to public amenity consequently the grounds for their removal must be weighed against the amenity they provide.

2. For T2, Chestnut, no reasons have been provided for its removal as is required with the application. The tree is in apparent good health and shows no signs of obvious major defect which would make it a threat to person or property.
3. Dropping branches and dead wood are natural occurrences in relation to living with mature trees and they are not justification for the pruning work or felling requested. Consent has been granted for lesser work to alleviate these concerns.
4. There was no enough evidence submitted with the application to show the trees adjacent to the car park posed any abnormal health and safety concerns. However, should additional evidence come to light the Council would be happy to consider a new application supported by this.
5. The pruning for T1, T3 and T4 adjacent to 191 Birkby Road is excessive and would be detrimental to the health and appearance of the trees. However consent for lesser pruning is enclosed to alleviate concerns regarding falling branches.
6. The size of the trees and proximity to the 191 Birkby Road is not a justified reason for the pruning or removal proposed.

Notes to Applicant Regarding Decision

1.

Should you wish to initiate an appeal, you should do so within 28 days of receipt of the notice. 2.

Subject to the provision of the Tree Preservation Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under the Order or of any grant of any such consent subject to conditions shall, if he/she makes a claim within the time and in the manner prescribed by the Order, be entitled to recover from the Council compensation in respect of such loss or damage, provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any tree the subject of a certificate in accordance with Article 5 of the Order

In assessing compensation so payable, account shall be taken of:

- a) Any compensation or contribution which has been paid whether to the claimant or any other person in respect of the same trees under the terms of the said or any other Tree Preservation Order under section 29 of the Town and Country Planning Act 1962, or under section 203 of the Town and Country Planning Act 1990, or under the terms of any Interim Preservation Order made under section 8 of the Town and Country Planning (Interim Department) Act 1943, or any compensation which has been paid or could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act 1932; and
- b) Any injurious affection to any land of the owner which would result from the felling of trees subject of the claim.

A claim for compensation under the Order shall be in writing and shall be made by

serving it on the Council, such service to be effected by delivering the claim at the offices of the Council addressed to the proper Officer thereof or by sending it by prepaid post so addressed, within 12 months from the date of the decision of the Council, or of the Secretary of State against the decision of the Council from the date of the decision of the Secretary of State on the appeal.

Any questions or disputed compensation will be determined in accordance with the provisions of section 179 of the Act (or as amended).

Dear Sir/Madam

TOWN AND COUNTRY PLANNING ACT 1990

Town & Country Planning (Tree Preservation)(England) Regulations 2012

TREES AT: The Stables, Stone Leigh, Bryan Road, Edgerton, Huddersfield, HD2 2AH

Further to your notification dated 24-Sep-2019 regarding trees at the above address which are located within the Edgerton Conservation Area. In pursuance of its powers under the Town and Country Planning Act 1990 and the Town and Country Planning (Tree Preservation) (England) Regulations 2012, I confirm the Council has no objection to the removal of T5, Sycamore and T8, Holly; as detailed in the application.

This work should be carried out in accordance with BS 3998 (2010) - The British Standard for Tree Work.

Please note a copy of the application documents can be viewed on line using the planning application search facility on the Council's main web page:

www.kirklees.gov.uk/trees

Yours Sincerely

Nick Goddard
Tree Officer

Guidance Notes
Choosing a Tree Work Contractor
(Tree Surgeon)

The Council does not approve or promote any private contractors, nor does it affiliate itself with any specific companies. If any company says they are Council approved or trained you should seek clarification as to which Council it is referring to and if you are not satisfied check with the authority concerned.

There are schemes running which produce a directory of approved contractors and companies. The Arboriculture Association (www.trees.org.uk) and Trust Mark (www.trustmark.org.uk) are examples of such schemes.

If you are looking for a company or contractor to carry out tree work, tree pruning, felling etc. you should consider the following:

- City and Guilds/NPTC Qualifications (National Proficiency Test Council). The company should be able to produce certificates and a photo ID card (See example ID card below) to show that they have the relevant qualifications for the operations they are intending to carry out. There are separate qualifications for using a chain saw, felling different sized trees, climbing trees, operating a chain saw in a tree etc. It is the individuals who hold the qualification, so unless they are undertaking training, employees need to be qualified for the tasks they do.

Example City and Guilds/ NPTC Photo ID card:

(Sample ID card provided by City and Guilds September 2015, the appearance of cards issued before this date may vary slightly but are still valid)

- The company should be able to show you certificates of insurance for public liability and where the company has employees, employee liability as well.
- The company must work to the British Standard for Tree Work, BS 3998 and should be able to quote this if you ask them what the British Standard is. If you propose to carry out work to a protected tree with consent from the Council, this will be a condition of the approval.
- Ask for a written quotation, a reputable firm will be willing to do this. It would be advisable to get quotes from several different companies.

- Membership of an arboricultural organisation does not necessarily guarantee a contractor's level of competency, which will depend on the organisations terms of membership. However it does indicate that they are keeping up to date with industry changes. Examples would be the Arboricultural Association or the International Society of Arboriculture.
- The company should be able to show you copies of Health and Safety documents for their work type, risk assessments, inspection records for their climbing and rigging equipment (where applicable) etc. This will indicate that they are compliant with national Health and Safety requirements.

If you are seeking advice on a tree's health or safety, you are advised to look for:

- A company which holds professional indemnity insurance. This gives a degree of security should there be an adverse incident as a result of their comments.
- A formal qualification in arboriculture, forestry, horticulture etc would give an indication that they have the required technical knowledge about tree biology and mechanics to be able to advise you correctly. There are many different formal qualifications available examples of a few would be: National Vocational Qualifications (NVQ), Diploma or a Degree.
- A person who holds LANTRA Professional Tree Inspector. This shows that the individual has passed an assessment to show that their tree inspection skills are in line with the national standard. Holders of this award will be able to show a photo ID card.

If you are engaging an arboricultural consultant to produce a tree report for example, as a minimum they should hold the above mentioned insurance and a formal qualification.
