Address of the site or building:	Clayton West United Reformed Church, Church Lane, Clayton West, Huddersfield, HD8 9LY
Postcode:	BD20 5PF

## User comments

Type of comment: An objection
<p>Highways - the development for 6 flats, of multiple occupancy, with only 6 parking spaces, will lead to parking on the main highway. The road outside the chapel is already an issue due to over crowded parking on what is a main bus route, on a narrow road at a blind hill. The road is also a main route for horse riders from one bridal path to another, with more parked cars increasing the risk of a serious accident incurring. While there is a wide footpath opposite the chapel, this is used by the residents of the bungalows for retirees/elderly to either park or for careers to attend. Parking of either residents or visitors of the chapel flats will have a serious impact on the health and well being of these residents.</p> <p>Conservation- the planning does not mention the impact to the bats who reside in the roof of the chapel.</p> <p>Planning notice - there has either been no planning notice displayed outside the property or has been wilfully removed, with most local residents unaware there has been a planning application placed on the chapel. This should be investigated by the council and adequate time for locals to understand and assess the impact 6 dwellings with multiple occupants will have on the direct vicinity.</p>
