## User comments

Type of comment: An objection
<p>The impact of extra vehicles would cause be a massive issue. That part of the road is really dangerous as it is as it's a blind spot at the brow of the hill. Parking at this part of the village is overcrowded as it is and at school times especially can be chaos. Only the other day the road was totally blocked just above the proposed development by double parking and the bus couldn't get through. Thank god it hadn't of been a fire engine or Ambulance that couldn't get through .</p> <p>6 proposed parking spaces for the development is totally impractical .</p> <p>the extra traffic it would create would affect us.</p> <p>we already get cars parking on the pavement</p> <p>Again blocking and restricting passing traffic on to the top of chapel hill where the proposed development is.</p>
