Type of comment: An objection
<p>The property is on the brow of a blind summit. There is no pavement outside the property and people already park around this area which is extremely hazardous. The property is directly on a school run route as the nursery and infants school is only a few minutes walk away. It is also a bus route and buses struggle to safely get past all the parked cars on this hill as it is.</p> <p>Any possibility of additional cars being parked in this area would be perilous to both vehicles driving and pedestrians walking this stretch of road.</p> <p>At least 12 onsite parking spaces (2 per property) should be provided plus double yellow lines drawn outside the property to discourage parking. This should also be enforced.</p>
