Postcode:	BD20 5PF

User comments

Type of comment: An objection
<p>The provision for car parking remains inadequate providing only 2 more resident places and 1 visitor place for a building with this level of multiple occupancy. Roadside parking will inevitably be increased in an area where roadside parking is already a road safety concern in a congested, busy and narrow section of the road on a blind summit. Changing the windows from the North to the East and west elevations does not eradicate the privacy problem . Householders adjacent to the building will now be more affected by the invasion of their privacy as will further houses on Vinery Close. There is also concern about the level of work already undertaken on the building which suggests that the developers have been advised that their plans will be passed despite substantial concerns from the Clayton West community.</p>
