<p>I note that the developer has adjusted the layout of parking but I still feel my original objection stands, there just isn't enough parking to cope with 6 dwellings where each potentially can have 2-3 cars.</p> <p>The road infrastructure surrounding the chapel doesn't have the wide or correct layout to facilitate on street parking for the 6 dwellings plus associated visitors.</p> <p>Should this application be passed it would almost certainly make an already dangerous section of road even worse.</p>
