<p>I wish to object to the proposal to turn the church into 6 flats.</p> <p>Conservation - I believe there are bats in the roof of the building as they were flying round my garden in the summer.</p> <p>Highways - There is just not enough parking spaces for all the proposed dwellings and the impact on church lane where vehicle will be parked is just dangerous.</p> <p>I can now see the windows have been taken out of the top floor but still feel the noise from the cars and bins will be an issue and would like to propose a solid fence be erected to try and minimize the noise and car fumes.</p> <p>.</p>
