The building of a two storey house so close to the boundary of my property is unacceptable. I do not want neighbours to be overlooking me so closely that they can see directly into my house. It will block out all natural daylight and reduce the privacy I currently enjoy which will affect my quality of life. Another house so close to mine will also reduce the value of my property as the lack of privacy and daylight will be taken into account should I seek to sell my home. As far as I know the land was never intended to be used as building land but was meant to be an area used for the recreation of the residents currently living in April Court. I also believe planning to build on this land has previously been rejected.
