

About the application

Application number: 2019/93605	
What is the application for?:	Erection of 1 dwelling
Address of the site or building:	April Court, Roberttown, Liversedge, WF15 7RB
Postcode:	

User comments

Type of comment: An objection
Plan was changed without public notice! April Court is an arrow road with already extremely limited parking -12 cars already parked up daily. Addition this dwelling will have a huge impact on current residents, especially as the occupants of the proposed dwellings will not be able to park outside their own properties. Children walk to school over the road and this would be a major safety issue. Neighboring properties will be overlooked. Privacy would be unacceptable. The pavement and road at the top of April Court is already in a state of disrepair that will be made worse by heavy vehicles and there would be extremely limited space for any construction or delivery vehicles to access the plot especially during commuting and school drop off hours. This land was never intended to be used as building land but was meant to be an area used for the recreation of the residents currently living in April Court. Planning to build on this land has previously been rejected multiple times (4 or more times!) which was always been objected on this finding and also closeness to existing properties. And as for the extra traffic on such a small road is just asking for accidents and a danger to the children that live there. An objection
