Application number 2019/93616

Dear Sir/Madam

I wish to register my objection to
above planning notification regarding
change of access.

and I am

There is already a huge amount
vehicular movement on this dirt road
to & from the sports field, and likely
increase with their plans to expand

It seems absurd to change the access
when there is a perfectly good tarmac
road on Souseby Cross Way. Also the

poor view of oncoming traffic

Yours Faithfully
