User comments

Type of comment: An objection
Yet again the Mosque Committee have put planning application this time for Community Centre at Quality Shop. I am so sorry but I do object to this application. The Shop is a benefit to all Community and needs to stay open. The Shop Must not be demolished. Going to use this as double storey Community Centre , well this will not happen. I can tell when I approached him about the Traffic Congestion caused by the Mosque Users who cause problems on Ravens house Road and kindly requested if he could do something about this last year . The young children's life's are at risk , also that the road should not be blocked on Friday prayers . He said that's not his or Mosque problems and it was outside on Road not inside the mosque. Now you want a double Storey Community Centre. Are you Joking . How many times has Kirklees Council contacted you about these problems and asked you and your users do something about this , but no what you have done is ignored them and wasted their time. That's why Kirklees Highways has submitted their comments to refuse the Mohaddi's E Mission Mosque application. The problems still exist and but yet you want to build Community Centre. I hope this application and the other both will be refused . You think residents are fool but we are not. Can I tell Kirklees has this organisation not broke the trust and continued to lie and ignore the Local community and the council , both together. Evidence is there.
