User comments

Type of comment: An objection
1. We are concerned as residents of North Road - a property in very close proximity/directly connected to the proposed works - that we have not been notified about this application amendment. We found out not through Kirklees authority, but through a neighbour. Thus, we have not received the standard letter sent to other neighbours in the area. 2. This current planning application gives no details about future design - only stating that the proposed development needs to be "bigger" to justify owner's investment. Therefore, we would like details/plans of the future developments as soon as possible. Any bigger development could significantly affect our property and its use.
