Dear Sirs

Letter in Support of Planning Applications at Devour

We believe that there are various applications awaiting approval, which unfortunately seem to have been delayed.

We live in a apartment which directly looks on to the development at Devour and as such we would be the most affected by any form on noise or nuisance caused by customers of Devour. I would like to state categorically that we have not been adversely affected by the day to day trading of Devour in any way.

We hear nothing from our flat even on busy Friday and Saturday nights. Devour attracts the kind of clientele where anti social behaviour is the last thing on their minds. The car park is situated well to the rear and therefore contains any potential dropping off/picking up traffic noise. The same can be said of deliveries which again are taken at the rear of the site.

We cannot stress too strongly how attractive the development is compared to the two derelict Mill properties which were, quite frankly, a blight on our landscape. Pre lock down we were frequent patrons of Devour and we are very much looking forward to the time when we can return. The staff and owners are very professional, polite and welcoming. We are also very excited about the plans for the outdoor spaces and the potential for al fresco dining.

In conclusion we can wholeheartedly support all of the current applications awaiting approval including the extended opening hours. Devour is a fantastic local asset and we need to ensure that it continues to flourish.

Yours faithfully
