Address of the site or building:	land at, Owl Lane, John Ormsby V C Way, Shaw Cross, Dewsbury, WF12 7RQ
Postcode:	N2 8AW

## User comments

Type of comment: An objection
<p>I wish to object to this application on a number of counts. Firstly I believe that this would have an adverse affect on traffic, this is already an issue in this area scores of cars race down owl lane at all times of the day and this would only add to that with youths making there way to hang out in the car park. This is something that I have been trying to communicate to numerous councillors for the last 3 years but to no avail and the accidents keep occuring. Where the entrance is planned to be would create a back log of traffic IMO back down onto owl lane making it difficult to get onto Leeds road as there is currently only one way to get onto this road without taking a major detour. The second reason i object is on the grounds of impact on the surrounding homes, McDonald's car parks and restaurants themselves are renound for the gathering youths, revving there cars and racing round and hanging around in large groups, this is not what I want on my doorstep. There is also the issue of noise from these youths, radios on and windows down. There is is also the hygiene issues, waste food littered all over the paths and roads, waste from the disposal units from the restaurant it's a major attraction for Rats. Thirdly, this is located no less than 200 yards from our local nursery and infant school, this is not in keeping with the government objectives for healthy eating and all the hard work that the schools are doing to encourage this. McDonald's restaurants should be located in towns and city's or industrial estates which encorporates this type of fast food chain, there was a McDonald's in Dewsbury which was closed down for whatever reason, of a McDonald's is required then it should be reintroduced to Dewsbury as part of the £200 million pound regeneration project not on the doorsteps of our homes. If the council wishes to utilise this land then why not create a youth club, or a health centre something which could actually benefit an area full of houses. There are soon to be another 200 plus houses being developed in this area maybe adding some form of infrastructure for these homes would be more beneficial, shops, post office, doctor's surgery, chemist or maybe even a park for the children!</p>
