<p>Road traffic - Is already extremely heavy in the area, which will add to the already growing problem - time taken to travel through the area, pollution etc.</p> <p>The roads in the area are already full of pot holes, this will add to the issue.</p> <p>Local residents complain of issues when HGVs pass by, causing noise and movement issues - this will only be increased.</p> <p>There's a particularly bad junction nearby that we see RTAs at very frequently- more traffic equals more risk, not only for drivers, but pedestrians also, especially young children.</p> <p>Youths in the area have nowhere to gather that they aren't moved on from, so this will be a new place for them to hang out, which will cause disruption, more so than they currently do.</p> <p>Small businesses have worked especially hard in recent years and I can only imagine the impact something like this will have— negatively.</p> <p>I honestly can't see any positives at this stage</p>
