It has be asked if this application has any connection with the proposed building of 1500 homes in green belt land? There are already a huge number of takeaways and fast food outlets in the area. Another is not necessary. Traffic at this junction us already bad. Nobody wants more traffic. Litter from fast food outlets is already a problem. Nobody wants more litter and this application will bring both more congestion and litter. In conjunction, house values will go down and the area will suffer. The people the council rely on to pay council tax will move. I know I will. Feel free to build such establishments in town centres, but not in places that have no wish nor desire to have such a fast food outlet on their doorsteps where only people outside of the community wish to visit. In short, if you wish to go ahead, the traffic and litter will drive away the very people you rely on to pay council tax.
