29th February 2020

application number 2020/90450

Dear Sirs / Madam

thank you for your letter informing us of the above planning application

I and other residence are very concerned over certain issues that would come up if this planning application was granted.

The issues are as follows,

- 1) More Road accidents, as this is already an accident black spot,
- 2) An increase in traffic in the area,
- 3) congestion,
- 4) Noise,
- 5) More pollution from cars as they stand waiting to pick up their food,
- 6) Litter,
- 7) Vermin,
- 8) Possible anti social behaviour,
- 9) The smell of food from that area from the building as the wind blows mostly from that area, onto our property
- 10) There are two schools close by, and children would be encouraged to buy unhealthy food from there, In today's world were school teachers encourage children to eat healthily

I am very concerned over the above issues and so are other residence that live in this area. I therefore strongly object against this application.

I would appreciate it if you would view my comments with concern

I enclose a self stamped envelope please let me know of the outcome of this application

Thanking you

Yours Faithfully
