OBJECTION TO MCDONALDS

all this place does is
stench and youngsters messing about cars traffic and is a whole lot of mess. To be putting
this in a residential area must be the most stupidest thing to do ever please stop this from
happening the chaos this would cause is unbelievable anything but a McDonald's here
would do but McDonald's has to be the worst restaurant to place in a residential area. I
hope you make the correct decision as from what I can see as everyone in the area is
against this as they know the catastrophic events this can cause
