To whom it may concern

Housing Development Proposals, Land off Lands Beck Way, Hightown, Liversedge

We are currently preparing proposals for a housing development at the above. As part of the Pre-application Consultation process, we enclose a site layout plan which outlines the current layout for the site.

Plots 1 and 2 are bungalows and plot 4 is a dormer bungalow design to minimise the impact of the development

The rest of the development falls away towards the South West and is formed by a mix of house types.

Please email info@assent-planning.co.uk, if you have any comments or questions on the layout and design proposals. Any comments should be received before Monday 10th February.

Yours faithfully

R M Brotherton
