Although we are pleased that the Farmers Boy is due to reopen, we are very concerned that the application includes a large number of external 'covers' as we know from experience that it will mean an excess of noise, particularly in the summer months. As near neighbours to the pub, we have suffered before from shouting, bad language and anti-social behaviour. Excessive outdoor alcohol consumption in warmer weather has resulted in irresponsible parents allowing their children to do as they please. This has led to stones being thrown at nearby houses and passing vehicles. We have also had occasions when glasses have been deliberately smashed in the pub car park and in the middle of the road on Jenkyn Lane. We have witnessed several occasions when footballs have been kicked into Jenkyn Lane by children playing on the grass, then jumping over the wall to retrieve them, putting themselves and road users in danger. We really do hope that the number of outdoor tables is kept to an absolute minimum. Another concern is that the small car park will not be adequate for the potential number of customers, which will result in cars being parked on the narrow Jenkyn Lane, then people climbing over and damaging the dry stone wall. This will clearly have a negative impact on residents' parking. Thank you.
