Type of comment: An objection
I have received information regarding a application for a lawful development certificate of proposed use of residential home 340 Whitehall road,Wyke. BD12 9DP by Horton housing association. Having looked at the planning details I feel I must object to this application. I have lived in area almost 66 years and cannot ever remember this building being a children's home only as a nursing home for the elderly and the building has been empty for a considerable number of years. the use classification on the application is C2 Residential Institution "continuation" as a children s home !. I would ask for full details disclosure on this as I feel there is a strong possibility that this should be classed as class C2A Secure Residential Institution use due to the intended nature of the proposed use being for care of children aged 16 to 18 years of age . I do not believe the council is in a position to lawfully determine that the previous and proposed uses do fall within the same use class as is claimed by the application. please acknowledge safe receipt of this email and advise me of any further information that is submitted by the applicants. Yours Faithfully
