## User comments

Type of comment: An objection
<p>The proposed site for conversion is a heavily congested area already with traffic consisting of light and heavy goods vehicles.</p> <p>It is very close to manor Croft academy, and is subdued to a high volume of foot traffic from kids walking too and from the high school, so the impact of the proposed conversion will add unsafe amounts of congestion in people and traffic circumstances. There is inadequate parking accommodations and the main Wakefield road, that the empty shop frontage faces has double yellow lines in front of it.</p> <p>The housing estate that wraps round the back of the shop has a overcrowded access at the best of times and is restricted to single file traffic.</p> <p>Very bad idea to let this conversion go ahead, many, many floors in the application, positioning, traffic, schools, petrols stations, young childrens life's at risk that attend the school very close, just to all the extra overcrowding and traffic pulling up, pulling off at silly times, double parking and blocking roads! This area is already a high accident area, I can know many people in the area that have been involved or witnessed serious accidents with cars in this exact area!</p>
