I strongly object to the planning application on the following grounds. It is directly on a very busy main road, so could cause problems with safety and traffic. There is a pelican crossing approx 6/7 yards away. Also there are double yellow lines directly outside, and the only parking available, to be shared with the take away already there is for 4 cars at the most. People will not always walk to such places, and parking would be a major issue. It would likely cause the residents of Wakefield crescent parking issues, as we have to use on road parking ourselves as most houses do not have drives, or have ones not large enough for vehicles. The amount of people using the property would cause much disturbance to the surrounding residential area. This is a residential area and the effect of this would seriously impact on the privacy of the surrounding houses. I do not feel that this area warrants or needs a building of this type.
