Postcode:	WF12 8AN

User comments

Type of comment: An objection
<p>I strongly object to this application on the grounds that road is extremely busy already, it's one of the main roads out of Dewsbury in to the motorway network. The volume of traffic is already extremely high, now there is a new housing development which has contributed even more traffic.</p> <p>There is also a lot of school children that use the crossing next to the building, this development would increase the amount of traffic & therefore further endanger the lives of school children on an already extremely busy road</p> <p>There is very limited parking near the building, there are 2 parking spaces as per the application. There are 2 side streets either side of the building which are already suffering from parking issues as many of the houses on these streets do not have drive ways. The road is blocked regularly by double parking from the residents, this would further be impacted by this development</p> <p>The road adjacent to Wakefield is old Bank Road this road is very busy, as it's used as an alternative to Wakefield road. It has 3 businesses on the road, plus a care home & a huge secondary school. This road is extremely busy with very limited parking, the lorry's need to access the school & care home to make deliveries, they already find this a challenge without adding extra traffic & obstacles from worshiper's parking their cars</p>
