<p>This proposed development would hugely increase traffic on an already busy commuting route towards the M1 motorway. Anyone living in the area will have been stuck in a queue back towards dewsbury town centre and this would only increase these delays. It is also within a very short distance to earlsheaton park which has the potential for children running from the park near the main road, the increased traffic from this development would increase risk of a collision with a pedestrian(more likely a child)</p>
