What is the application for?:	Alterations to convert part of existing newsagent into prayer facility
Address of the site or building:	260-262, Wakefield Road, Earlsheaton, Dewsbury, WF12 8AN
Postcode:	WF12 8AN

User comments

Type of comment: An objection
As living on one of the streets near by to this plan, I have noted that there is a large volume of traffic throughout everyday, including after rush hours. This is because it's a main link road to joining local motorways. We have trouble parking on our road at the moment, and you often see cars parked either side of the road. With times like we have at the moment and being a key worker, it isn't always the best when leaving for work and returning home which I can see the proposed plan, only increasing the volume of traffic. Not only the traffic volume, but there is two primary schools and one secondary school, meaning many children walking to and from school, which could endanger the children with more traffic. I feel that this could be planned in a location that isn't so heavy on traffic already and on a busy main road. I think that the plan to go ahead would disturb a lot of the neighbouring properties, especially those who are not afraid to voice their opinions, a particular house on Wakefield Road. I have seen many young families around our streets and the calls may be considered as noise and disrupt the local children of the community.
