<p>I have several problems with this conversion:</p> <ul style="list-style-type: none">- The noise, this is already a busy road. I do not want to hear a call to prayer 4x a day. This is going to disrupt the already loud environment. With a young family I do not want children being awoken in the early evening with call to prayer.- The litter, with every collective gathering building there will be litter. I do not want a clean neighbourhood becoming polluted.- The traffic. Wakefield Road is very busy and to add to this would increase traffic as the parking will not work, there will be those who travel by car and Wakefield Crescent has no capacity for this. The main road also has no capacity as it is double yellow. There will be an increase in traffic and therefore more accidents. Which will put even more pressure on local hospitals and I think with the crisis we are going through now we should not be potentially causing the NHS anymore problems.- The conflict- in the local area is a mainly White school, I am concerned that the children who go there (May potentially be drawn into vandalism and other illegal slurs etc at the mosque.
