What is the application for?:	Alterations to convert part of existing newsagent into prayer facility
Address of the site or building:	260-262, Wakefield Road, Earlsheaton, Dewsbury, WF12 8AN
Postcode:	WF12 8AN

User comments

Type of comment: An objection
<p>As a local resident of the area I have a couple of concerns about the proposed planning. The proposed plan will bring in lots of traffic and vehicles to the area, there is not sufficient parking space for the amount of people who would be attending this facility. This is a regular walk for me and my toddler to get to the park and is busy enough with speeding and careless drivers as it is, I am obviously not saying that those attending will be inappropriate drivers but with the extra traffic those who feel the need to drive carelessly along the road will only become worse. Also with there not being enough parking outside the facility people will park outside residential homes and on private streets making access to private accommodation difficult. With the current traffic levels on this road already quite high I don't feel like this is the best place for more cars to be accumulating. At peak times this road can easily build up with traffic and for more to be added will intensify this and create greater pollution levels in the area. I also feel like there are better uses for the building than that which has been proposed therefore I strongly disagree with the proposed planning and feel that there are more than enough facilities in the area to accommodate those who wish to attend.</p>
