User comments

Type of comment: An objection
1. This property is situated in a residential area, and as such, the proposal would affect the character of the area. 2. There would be significant potential for noise disturbance, both to near neighbours and in the wider area - In particular amplified calls to prayer. 3. There will be be potential for a significant increase in vehicular traffic along Wakefield Road and at the Wakefield Crescent junctions. This would also impact on pedestrian safety. There are also inadequate parking facilities and this would become more important as the building became more widely used.
