Deat mathias,

Allowing a prayer area in this shop would cause untold parking problems for residents. And extra traffic problems on an already busy main road, where the Tesco Express is. For the mentioned site to be in use 6 hours a day, 7 days a week would impose difficulties in parking on roads that are already overstretched. With untold amounts of vehicles people may not be able to park near their own home if they don't have offroad parking, the main road prevents any other parking as double yellow lines extend for hundreds of yards either side of two pelican crossings. Plus with the Covid-19 Pandemic, set to continue for the foreseeable future an influx of hundreds of people into the area would increase the danger of transmission to residents. I and my family are against this development as are many others.

Yours Faithfully
