| <p>I object to this application as the road is already one of the most congested in Kirklees and parking is very limited. Although the application suggests the facility will only be open to those in the immediate local area, there is no outline of how this will be managed, which raises further concern as this could later be flouted. There is also mention in the application of good public transport links? which raises further questions as to the numbers actually visiting the facility. The area simply cannot sustain this increased footfall, especially during peak times including the evening rush hour.</p> |
