

Application for Permission to Fell/Crop Trees at 6 Halifax Road.

Please refer to the numbers on the attached plan.

1. Fell one tree which has taken on a significant lean as a result of the recent gales.
2. Crop or fell tree which is encroaching within 6 feet of the house. (Abaddon Tree Services suggest that it would be sensible to fell the tree, which is also overhanging my neighbour's garage, rather than just cropping).
3. Crop 2 trees whose branches are now hanging down to just above head-height. (When in full leaf, these are likely to reach head-height.)
