<p>The said site is unsuitable for building for the following reasons :</p> <ol style="list-style-type: none">1. Very minimal parking - the road (Cuckoo Lane) is one way and is a primary school route, it also is opposite a sheltered housing complex, Burhouse Court. This is a major safety issue, no pavement and building traffic will create more traffic adding to an already very busy village.2. Several trees in the vicinity would have to be removed and a wall which is in a conservation area.3. The new build would overlook directly onto the properties below on Thirstin Road infringing on their privacy, and blocking out even more natural light.4. Previous planning for a single storey dwelling has previously been declined5. The new build would look out of character with the existing properties in the surrounding area.
