Subject: Planning application 2020/91144 - 1 Stoney Lane Longwood

Hi Laura , I've noticed on the planning portal that a local resident has raised a concern in relation to potential increased traffic :

"User comments

Type of comment: A general comment

My concern is around potential the impact on highway and pedestrian safety due to increased traffic flow and further parking obstructions around Stoney Lane and Ayton Road."

I just wanted to clarify that I will only be taking in one client at a time so there will be no more than one car at the residence at any one time and that they will be able to park on the driveway to our property which will cause no adverse effects on parking or extra traffic in the local area - to add to this the majority of my customers will be very local and more than likely will arrive on foot .

I hope that this is enough info to help get the planning application through - please don't hesitate to contact me if you require any further info

Thanks
Jodie Konyk
