Subject: Fwd: 2020/622/91337/W - 1A Mount Pleasant Lane - Almondbury Ward

Dear William,

Further to my earlier email I would like to clarify that the trees that have been axed we're at the rear of number 1 Mount Pleasant Lane very close by and formed a thicket which is no longer there.

Additionally all the land at the rear of 1A Mount Pleasant Lane has similarly been cleared but it is not clear if any trees were axed there.

Kind regards,

Alison
