Grove Terrace does not have accessibility for another house, there is not enough room to park on the street for residents therefore most of the residents have to park on the busy main rd, access to the street is extremely hard to pull in and out of, cars struggle to pull in to the street so vans and wagons will struggle and cause damage to any cars that are parked outside peoples houses. There have already been several accidents due to the cars parked on the main rd. To build another house could be very dangerous for residents. Their will be no privacy for the houses that this new dwelling will look onto on Tetley Drive.
