Grove Terrace is a small road, already at full capacity from residents already living here. Trying to get in and out can prove impossible at times. When trying to get in and out of Grove Terrace onto Bradford Road. When schools are starting and finishing is it very dangerous for the school children walking to and from school. I don't believe another house of any type would be beneficial. I also believe it has been reject a few times before over the last few years. The road isn't big enough for construction vehicles and there is not enough room at the top of the road to offload building materials. This would cause endless problems for residents.
