Type of comment: An objection
<p>The main road onto Mill Carr Hill from chain bar roundabout is not designed for HGV's to turn right neither will a mini roundabout near the school help there's no way a HGV can take a mini roundabout correctly. In all the years I've lived in oakenshaw there has been no accidents that I'm aware of and building roundabouts near schools just for HGV's to turn is a disaster waiting to happen. The only way this project can go ahead is by not using MCH as an entrance.</p> <p>Chain bar roundabouts traffic is bad enough at peak times another 191 cars will absolute chaos so hopefully this doesn't go ahead!</p>
